Forecast For Wales
Issued by Met Office Exeter
at 1600 on Wednesday 04 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Scattered showers fading overnight before rain returns at dawn.

This Evening and Tonight:
Scattered showers will fade through the evening to leave a dry night for many. Cloudy skies and some possible fog patches giving a milder night than last night. Outbreaks of heavy rain are possible towards dawn. Minimum temperature 9 deg C (48 deg F).

Thursday:
Heavy outbreaks of rain will continue through the morning as a band of rain pushes eastward across the country, accompanied by blustery winds, particularly in coastal locations. Maximum temperature 19 deg C (66 deg F).

Outlook for Friday to Sunday:
Persistent showers continuing through Friday and Saturday, locally heavy or torrential with thundery outbreaks and some hail possible. Winds becoming blustery and feeling cooler. Becoming drier with fewer showers Sunday.
